GSX-R125

The Suzuki GSX-R line has defined sportbike performance for over 30 years, with more than a million sold worldwide. Every GSX-R must be lightweight and the best performing motorcycle in its class, simply put an unbeatable package. Meet the revolutionary Suzuki GSX-R125, with the best power-to-weight ratio and acceleration in the 125cm³ class, plus nimble handling, great fuel economy and Learner Approved Motorcycle Scheme (LAMS) approved.

The GSX-R125 also features aerodynamic bodywork, low seat height, a multi-function LCD instrument cluster, Vertically stacked LED headlights and a key-less, one-push starting system. It is a dependable motorcycle designed to handle city traffic while commuting to uni or work during the week. It is also an exciting motorcycle ready for fun rides into the hills—or even a track day—on weekends. The GSX-R125 is a motorcycle that's easy to ride and easy to be proud of. It has high-quality fit and finish, beautiful paint and graphics, and the sleek look of a MotoGP racebike.

KEY FEATURES

There is a science to building high-performance engines, and the GSX-R125's DOHC engine could be used in a university textbook as an example of how to make a lot of power out of a very efficient and compact powerplant. The engine makes high horsepower for its size and produces generous torque, delivering strong, effective power across a broad rpm range.

The GSX-R125 features advanced electronic fuel injection, which delivers fuel based on what the rider is doing with the throttle as well as input from sensors monitoring engine rpm, intake air pressure and temperature, exhaust oxygen content and coolant temperature.

GSX-R125 features a large 32mm diameter throttle body. This results in great intake efficiency for high rpm and power output.

Adopting 6-speed manual transmission like big GSX-R's, and its reduction ratio settings based on GSX-R know-how to match the engine's high-power output properties. This enables a seamless transfer of power to the rear wheel for breathtaking acceleration experience.
