

TGB Blade 520

Powerful, Reliable and Tough as Nails! These inherent traits are in the DNA of every TGB ATV. The full-size Blade 520 4x4 maybe our entry price model but there is nothing basic about this beast! With fully independent suspension, the ride and comfort of the more expensive brands and a market-leading power and performance are standard features to the new TGB range.

*All TGB Quad Bike prices include an installed and approved Occupant Protection Device (OPD).
Please note some accessories may not be included in some Countries*

ENGINE

The 503cc single cylinder 4-stroke engine feature Electronic Fuel Injection (EFI), single overhead cam and liquid cooling with an auxiliary fan that provides consistent performance in the most demanding conditions. This engine is clean and delivers class-leading horsepower and incredible torque.

SUSPENSION

Double A-arm front and rear suspension delivers premium comfort and control in all conditions. Fully adjustable independent suspension on all TGB Blade with shocks mounted to the lower A-arm for maximum performance and a wider range of rider comfort. Fine-tune the suspension for individual riding styles and or load carrying.

STEEL FRONT & REAR RACKS

Heavy-duty front and rear racks outperform composite racks and are easy to secure large loads with a 165lbs capacity on the rear and 99lbs up front.

INSTRUMENT GAUGE

Digital display features odometer, speedometer, trip odometer, RPM, EPS setting and fuel level. Surrounding the display are easy-to-identify indicators for transmission position, high temp, low battery, high beam, low oil pressure, check engine, 2wd/4wd and differential lock indicators.

CAPABILITIES

Flooded Environments
Hill Climbing
Multi-Passenger
Obstacles

ATV SAFETY

Argo Australia is serious about safety on ALL ATVs, particularly quad bikes. It is no secret that there have been many fatalities involving quad bikes over the years.

Here is a quick guide to assist riders to improve their own safety outcomes:

Extensive Independent studies have proven the installation of an approved OPD (Occupant Protection Device) can reduce the chance of fatality by up to **30%**.

In compliance with the Australian Regulations, TGB ATV's (in Australia) will be sold with a compliant OPD as standard equipment as of October 2021; until then all TGB dealers will offer a compliant OPD as an option.

TGB Australia supports the concept of a device that will save lives and wish to thank all concerned in particularly QB Industries for their ongoing developments of improving quad bike safety.

TGB also recommend these extra steps to improve ATV riders safety:

1. Choose a vehicle which is fit for purpose for the rider and for the task at hand.
2. Wear a helmet – the most effective safety device
3. Rider training – will allow you to fully understand both the ATV's features and its limitations
4. Don't allow passengers on single seat ATVs, and no kids under 16 on adult size ATVs
5. Strictly follow the manufacturer's guidance and warnings

TGB Model	Blade 520
Model Year	2022MY
Cooling System	Liquid
Cylinders Displacement	503cc
Drive System Type	2WD/4WD/LOCK
Gear Selection	L/H/N/R
Engine Type	TGB 4-stroke SOHC Single Cylinder
Fuel System/Battery	EFI
Horsepower	39HP /6500rpm
Torque	47.1Nm /5500rpm
Electric Power Steering (EPS)	NO
Transmission/Final Drive	V belt CVT Automatic
Override button	YES
Electric Lock	YES
Dry Weight	770LB (350KG)
Wet Weight	900LB (405KG)
Front Rack/ Capacity	YES/ 99LB(45KG)
Rear Rack/ Capacity	YES/ 165LB(75KG)
Fuel Capacity	4.7gal (18L)
Ground Clearance	12.0" (30.5cm)
Overall Vehicle Size (LxWxH)	212x124x120.5 cm
Payload Capacity	528LB (240KG)
Seat Height	36.1" (91.4cm)
Wheelbase	50.8" (129cm)
Rider Capacity	1
Front Brakes	200mm hydraulic discs
Rear Brakes	180mm hydraulic discs with 2 Rear Wheel Foot Brake
Parking Brake	Lockable bottom
Front Suspension	Independent Double A-arm-8.7" (22.0 cm) Travel
Rear Suspension	Independent Double A-arm-9.4" (24.0 cm) Travel
Shock Absorbers	Standard
