

PUT YOUR PHONE DOWN.

XR 500

Power down the smartphone in your hand. Skip it across the water like a flat rock if you'd like. It's time you rev up a new 2024 Xplorer XR 500 and let your thumb experience a throttle instead. Hit the trail and learn why outdoor enthusiasts, young and old, love riding and riding and riding. The Xplorer XR 500 provides durability and reliability with high-quality standard features, including our powerful 443cc liquid-cooled engine with electronic fuel injection (EFI), performance clutching, engine braking and 24" tires with steel rims. Go make a lifelong connection with reality and mud. No Wi-fi required.
